

Victor® TIN CAT® POLY CAT® Repeating Mouse Traps

M408

POLY CAT - Same Great Features and Performance as TIN CAT Plus:

- Won't rust—high impact polymer construction
- Ideal for exterior use and damp environments
- Lockable/secure, see-through lid

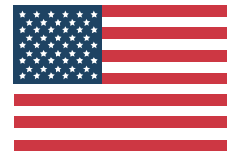

M312
Solid Lid TIN CAT

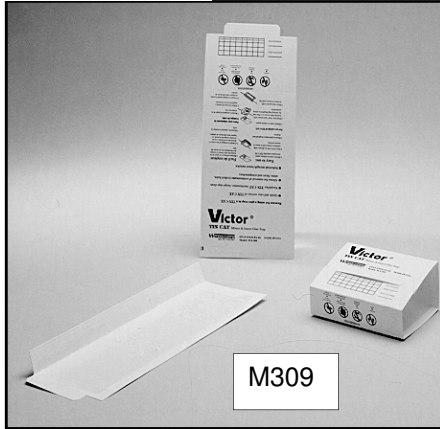

M308
Clear Lid TIN CAT

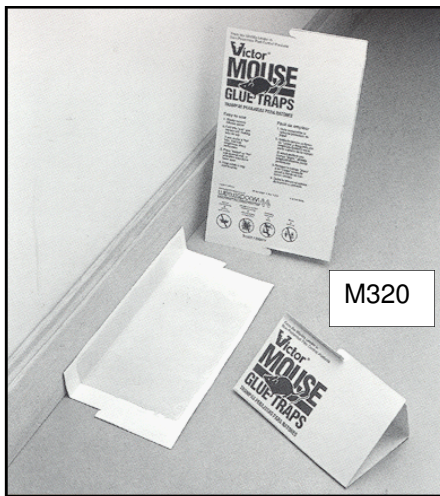

Features/Benefits

- Only Tin Cat has patented escape proof mechanism
- Made in the USA
- No wind up required
- Patented escape-proof mechanism
- Fits where other traps won't—only 1.75 inches high
- Tabs in floor to secure M309 Glue Trap
- Entry housings can be removed for thorough cleaning
- Holds up to 30 mice
- Use as insect/rodent monitor with M309 Glue Trap
- Test holes in entry housing to check catch mechanism
- Clear lid M308 easier and quicker to inspect than solid top models
- May be used in FDA and USDA inspected plants
- Service record label packed inside each trap

M309

M320

M309 TIN CAT®/POLY CAT® Mouse and Insect Glue Trap:

Features/Benefits

- No poisons to harm children or pets
- Prebaited with non-allergenic peanut butter scent
- Patented EASY PEEL release paper
- Can be tented for protection in dusty areas
- Can be used inside or outside of TIN CAT/POLY CAT as a standard glue trap

When Used in TIN CAT/POLY CAT:

- Industrial strength insect monitor and mousetrap in one
- Fast inspection / reduced service time
- Quick and easy trap maintenance and cleaning
- Containment of biohazards (rodent hairs, feces and ectoparasites)

M320 Holdfast® Mouse Glue Traps

- No poisons to harm children or pets
- Patented EASY PEEL release paper
- Can be tented for protection in dusty areas
- Prebaited with non-allergenic peanut butter scent
- Fold lengthwise into an “L” shape to create dual catch areas along baseboards
- Effective in temperatures ranging from 20 degrees F—120 degrees F.
